General Graduation Requirements

How does UTCP fit into this?

Who are the lucky students?

Arts and Social Sciences — FAS1101 eliminated

Engineering — ES1501X eliminated

Science — ES1541/SP1541 eliminated (except pharmacy and environmental studies)

Who are the not-so-lucky students?

Arts and Social Sciences (FASS) + BES

- Compulsory GET module
- Instead of the GET module counting towards NUS-level requirements, it will occupy an additional UE slot instead
- TL;DR
 - You still gotta do that GET module even though UTCP is supposed to clear it
 - Not much of a loss, just that it occupies one of your UEs
